NEW SEWER PLAN MAY CLOSE ROAD

A costly change in sewage construction plans to accommodate North Water Street home owners could close that street to all traffic for some three to four weeks this summer. That was the word late Tuesday afternoon after the project's general contractor and engineering consultants offered the plan change which involves installing the sewers beneath the existing pavement.

'It's the best we can do for the residents of North Water Street', explained Reeve Reg Booth, who said the new plans would increase the cost of the project, but stressed that the change must have the blessing of the Ministry of the Environment from which the majority of the project's funding stems.

The new plans call for an alternate access route for the area served by North Water Street, utilizing a network of roads and private land leading onto the Arena-Community Centre park lands.

The original route first came under fire when residents learned that the installation of the sewers would destroy front lawns, trees and shrubbery. With the river side of North water Street

unsuitable because of soil conditions and the possibility of eroding, design engineers had selected road and water allowance land on the opposite side of the road.

At least one petition and a plague of phone calls later, Minden council prevailed on the contractor, Tripp Construction, and the consulting engineers, R.V. Anderson and Associates, to consider an alternate route. About a dozen families will be affected by the proposed road diversion.

Most everyone wants the sewers but don't want the road closed, Booth said. Reeve Booth said he is receiving some 20 - 30 calls a day from local residents protesting the inconvenience caused by the sewer and water construction projects.

He noted that one of the sub-contractors had hired a local water truck at his own expense to water down the roads and keep the dust to a minimum but that local residents were phoning him complaining that he was wasting the taxpayers money.

Restricted area bylaw gets Stanhope Council's blessing

Stanhope Council gave it's blessing last Wednesday to the municipality's restricted area by-law, a project which Clerk-Treasurer Gerald Bain says had been in the works since 1971.

Bain said the purpose of the restricted area by-law is to regulate and control within the township, govern land use and zone parcels of land for particular and special uses. This type of by-law gives municipal councils the power to regulate areas of development so that ran-

dom development will not be allowed to spoil the environment.

He described it as a controlling and regulating document which will be circulated to every ratepayer in Stanhope Township as well as to abutting land owners.

Stanhope ratepayers have 14 days to appeal, in writing, their objections to the by-law. Council will then review the objections and,

See BY-LAW P. 3

Stanhope Firemen quell bush blaze

Quick response by the Stanhope Fire Department last Saturday afternoon is credited for keeping a bush fire from getting out of control.

Eighteen men and equip-

ment responded to the 4 p.m. fire which burned some 4-6 acres of forest 2 miles west of Pine Springs. With the aid of a half dozen local citizens, the fire was brought under control and

Canadian National Railways train service to Haliburton was disrupted early Tuesday afternoon when a belly carrier tractor-trailer bottomed out while driving over the level crossing on Highway 519 near Halibur-

ton Highlands Senior Elementary School and ripped up some 150 feet of track. Driver of the truck, 42 year-old Stephen Cuneo, of Scarborough escaped unharmed while the Bruell Float Service truck of To-

ronto received minimal damage, police said. Train service will be disrupted for a couple of days while a C.N. section crew repairs the tracks. There is no disruption of road service on Highway 519, however, as

Ministry of Transportation and Communications personnel had the road fixed within hours. Investigation by Provincial Constable Roy Telford.

extinguished some 4 hours later. This was the fifth bush fire handled by the Stanhope Fire Department in the last two weeks, as well

as the 33rd ground fire reported by the Ministry of Natural Resources' Minden District office. Senior Fire Control Technician Hugh Allore reported

that three fires burned some 16 acres of woodland last weekend in the Minden district with a 'Somerville township fire consuming some 10 acres.

Almost 100 acres has been devastated in the Minden district so far this year due to the dry bush conditions.

'The Haliburton Highlands Chamber of Commerce'

We have just returned from the Ontario Chamber of Commerce Convention in Toronto, and with very exciting news. The Haliburton Highlands Chamber of Commerce along with six other worthy recipients, received a President's Award at an Awards Luncheon on Monday. The Award was 'based on the Chambers informative and provocative series of columns in the local newspaper consistently representing the business viewpoints on community issues'. We were certainly extremely proud to accept this award and the considerable prestige that goes with it on behalf of the Haliburton Chamber.

The other Chambers winning awards were the St. Isadore Chamber of Commerce, the Brantford Regional Chamber of Commerce, the Hamilton and District Chamber, the Orangeville and District Chamber, the Guelph Chamber and the Niagara Falls Chamber of Commerce. Most remarkable was the St. Isadore Chamber which had provided their community of less than 1,000 people with a \$60,000 medical clinic without any recourse to government assistance. They raised the necessary money, built the clinic and had it staffed by two doctors all within eight months. Brantford received their award for their business education program that they initiated into their school system. Hamilton won an award for their extremely professional Panorama magazine which they publish one a month. Orangeville received their award for an industrial trade exhibition they ran and Guelph received theirs for a downtown action plan which is expected to create a rebirth for their city. Niagara Falls received their award for organizing an international photo contest in co-operation with Kodak Canada, publicizing the Honeymoon City. As you can see we were in the company of some very active and ambitious Chambers.

The Convention was very rewarding also in that there were many interesting and informative discussions throughout the two and a half days. The topic '77 program on Monday was particularly interesting. This took up the better part of the day, and involved discussions of resolutions submitted by Chambers throughout Ontario that they wished the Ontario Chamber to take action on. Each resolution contained not only a description of the issue but a recommended action. We were pleased to work along with Arnold Warden, President of the Bancroft Chamber, on three issues of local significance. The Ontario Chamber will be submitting our recommendations regarding the administration of water lots and the price policies of provincial parks to the Ministry of Natural Resources. The third issue regarding the Ministry of Industry and Tourism present administration of travel areas was referred to the executive committee for further study. This means basically that those present agreed with our submission but felt that it was complex enough that it required more input before a recommended action could be established.

At the Tuesday luncheon we were honored to have as guest speakers both Premier Bill Davis and the Hon. Darcy McKeough. There was approximately twenty minutes allowed for questions and answers and we managed to squeeze a question in regarding Provincial Parks Policy. In spite of the fact that the Hon. Frank Miller, the new minister of Natural Resources had asked that the price structure of Provincial Parks be raised immediately, Mr. Davis said there will be no change for this season since the budget had already been set down for this year. We suggested that his reply was 'extremely disappointing'. Two very real concerns dominated the conversations throughout the sessions at the convention. Uppermost was the possibility of Quebec separation and what we could or should do to avoid it. It was interesting to not that this year's President of the Ontario Chamber of Commerce, Cam Denise is a French Canadian and the President of the Quebec Chamber of Commerce is an Anglo-Saxon. The other major concern is our loss of our competitive edge with the United States and other countries. Even while the convention was in progress two more Canadian subsidiaries of American companies were closed down in Ontario. It was generally agreed it was going to take a very real effort by not only governments but every individual in Canada to reverse this trend.

For over a month we have been watching Highlands Plumbing and Heating work towards the completion of their new store in Minden. This weekend is their grand opening of the new showroom on Main Street, Minden. It bears very little resemblance to the old Welch General Store. With this upcoming long weekend it signifies the opening of another summer season. Many of our members still do not have a good supply of their brochures in our Minden office.

Novel twists to spice up Fireman's Auction

The Stanhope Fire Department's second annual mammoth auction sale goes this weekend at the Stanhope Firefighters' Hall on North Shore Road, spiced up with some novel twists added to the itinerary.

All area males are urged to participate in the 11 a.m. men's cake baking contest which will be judged by a select panel of gourmets. The general public will pass their own judgment just a half-hour later when the cakes are auctioned for sale.

At 12 noon a bake and craft sale will be held featuring local arts and handicrafts and superior home-baked goods. Then at 1 p.m. Greg Hick-

son, Canada's youngest auctioneer and an honorary member of the Stanhope Fire Department, will begin auctioning the huge array of items for sale.

Remember the big event begins at 11 a.m. and that any donation for auction will be gladly received. If you want your articles for auction to be picked up just call any of the following numbers: 489-2878, 489-2330, 489-2758.

Minden to enforce parking by-law

Anson, Hindon and Minden Council have decided to put some teeth into their parking by-law, and have directed their By-law Enforcement Officer, Dick Schell, to begin with stringent enforcement of the by-law.

With the great influx of summer residents and visitors soon upon us, parking will again be at a premium and it will require the cooperation of all motorists, in obeying the parking signs, to keep the problem at a minimum. To alleviate congestion and sight problems at some intersections, Council decided last week that all parking will be prohibited on the south side of Price Street from the intersection of St. Germaine Street southerly for a distance of some 155 feet.

Parking will also be prohibited for 5 feet on either side of both entrances to the Minden Community Centre as well as in front of and 5 feet on either side, of the new Fire Hall. Council warned as well that any vehicle violating Minden's parking by-law may be towed away and impounded at the owner's expense.

QUELL

FROM P. 1

With the increasing number of fires in Northern Ontario and extremely dry conditions, a fire crew from the Minden district left Sunday for Red Lake. The crew is composed of five men and is headed by Keith Oitment. Also heading north this week as part of the 'overhead staff' is Minden's Hugh Allore. He will be stationed at Pickle Lake.

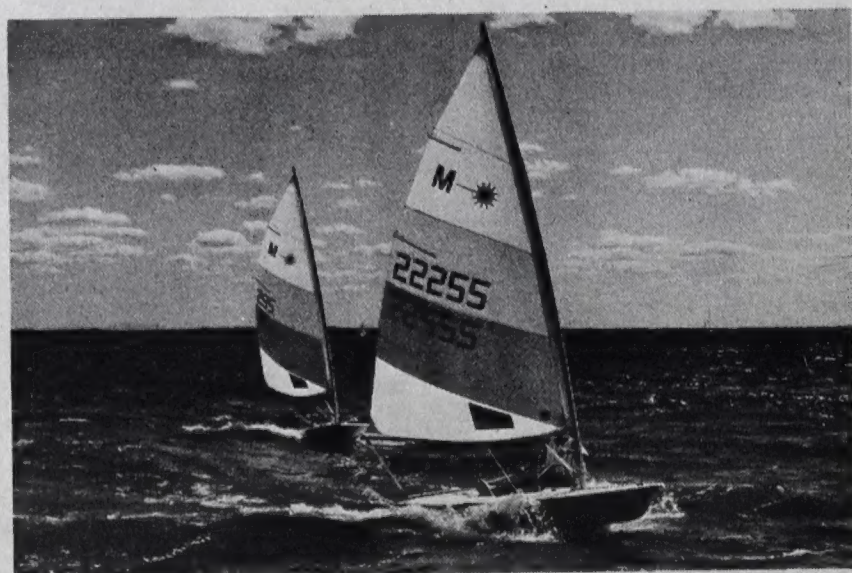

Coming Events

May 19 - Festival of Fun at H.H.S.S. at 7.30 pm. Local talent. Silver collection.
May 21 - Minden Kinsmen Mayfest - Minden Community Centre. Music by the Mystics.
May 21 - Minden Figure Skating Club Flea Market - Municipal Parking Lot - 10 am.
May 21 - Stanhope Fire Department Gigantic Auction Sale at the Fire Hall - 1 o'clock.
May 22 - Gooderham Fireworks Display the Ball Park. \$2.00 per car.
May 28 - Dance at the Minden Community Centre to Charlie Brandon and his Band. Proceeds to Minden Scout P.E.I. Fund. \$6.00 per couple.
May 28 - Stanhope Fire Dept. Spring Dance - Ray and the Rythmaires at Carnarvon Lanes. Spot Dance - Door Prize Buffet - \$10.00 per couple.

WEEKEND SPECIAL

Only a Laser is "just like a Laser".

If someone tells you his boat is just like a Laser, please tell him to stick it in his ear.

The only thing like a Laser is another Laser. 40,000 people sail the Laser for one reason alone.

The Laser is **simple**. Just like dynamite is simple.

Instead of adding strings and gimmicks and doo-dads to make it sell, we refined them out to make it **sail**.

That's why everyone always comes back to the pure, uncomplicated Laser.

Some people are still loading boats down with complicated gear. But then some girls are still wearing bras.

Sail the simple, thrilling Laser.

ELECTION ROUND UP

Liberals

Crowds laud Eakins

More than 300 people jammed Deer Lodge last Friday night to meet and laud incumbent Victoria - Haliburton M.P.P. John Eakins as he conducted a swing through the northern part of his riding.

Most of the crowd were on hand in a show of appreciation for Eakin's fine efforts on behalf of Victoria - Haliburton.

Mr. Eakins has kept a high profile since his election in the last provincial vote-counting and has proven very helpful and accessible to a great many of his constituents.

Indicative of his popularity was the presence of a full bus-load of Eakins supporters who had made the trip from Lindsay.

Just two days earlier, Eakins was greeted by standing-room-only crowd of party faithful and well-wishers at the riding's Liberal nomination convention in Lindsay, Wednesday night.

Some 500 persons were in attendance at St. Mary's School auditorium to unanimously select Eakins as their standard bearer in the June 9th provincial election. Eakins was nominated by Lindsay lawyer Bruce Glass and seconded by Haliburton newspaperman Creighton Feir.

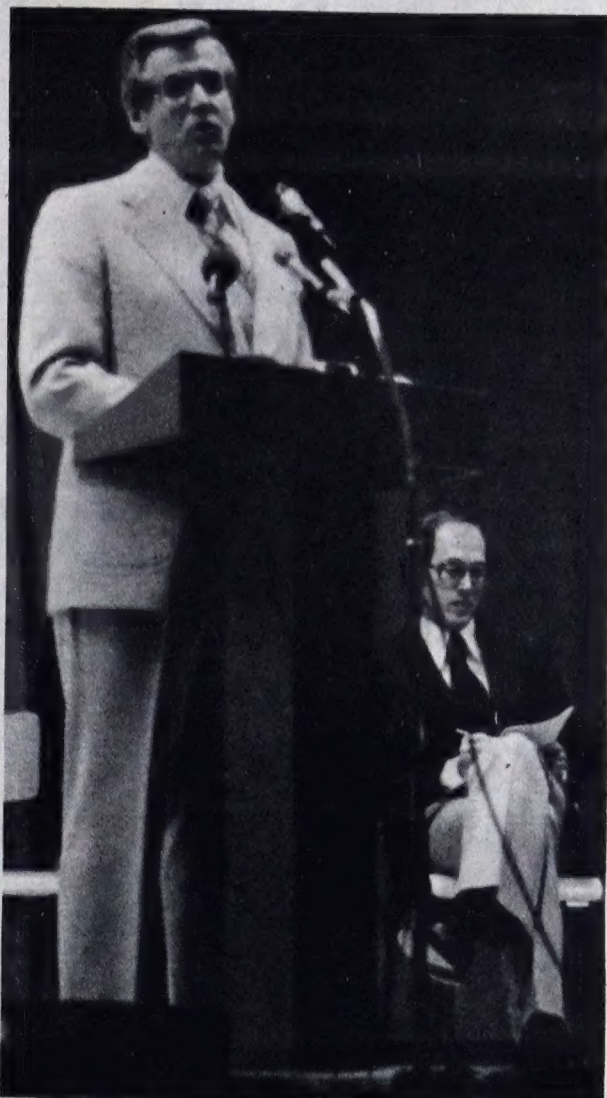

The convention, which turned out to be really a three - cheers - for - Eakins

night, was addressed by Ontario Liberal leader, Dr. Stuart Smith.

In his speech, Dr. Smith drew attention to the high cost of Ontario's Progressive night, was addressed by Ontario Liberal leader, Dr. Stuart Smith.

IN his speech, Dr. Smith drew attention to the high cost of Ontario's Progressive Conservative government. Smith advocates tailoring the cost of government to the increase in wages. 'Wage increases must be kept within the 8 per cent guidelines set down by Queen's Park but still the government turns around an increases Hydro rates by some 30 per cent in a single year, raises GO transit fares by 21 percent, increases the paid-up capital for corporations by 50 per cent, and raises college tuition fees by some 30 per cent,' Smith emphasized.

In his acceptance speech, Mr. Eakins said he was interested in helping all of his constituents to the best of his ability and that he was particularly interested in helping Victoria - Haliburton's small businessmen. Eakins swung through the West Guilford - Donald - Gelert - Kinmount areas earlier this week and expects to be in the Minden - Haliburton areas during the early part of next week.

It was standing room only at the Liberal nominating convention last week when the party faithful gathered to reaffirm their faith in Victoria-Haliburton M.P.P. John Eakins. Guest speaker was Ontario Liberal leader Dr. Stuart Smith shown above listening intently as Mr. Eakins addresses the audience.

P.C.'s

Webster canvasses north end

Progressive Conservative candidate Jim Webster campaigned in the northern part of Victoria - Haliburton riding last week and his campaign, which really began long before the election was called, began moving into high gear as the June 9 polling day loomed closer.

Webster has been canvassing door - to - door, shaking hands with as many voters as possible.

He expounds the view that the minority Davis government of the past 19 months has not been working well and has proven unsatisfac-

tory. He asks voters to elect a representative that will be sitting on the government side of the house next term.

Last week he announced that a riding office had been opened in Haliburton next to Candlewood Gifts store and that party information would be available to all who needed clarification on his stand as well as the P.C.'s position in Ontario generally.

Webster also noted that within the next two weeks Premier Bill Davis will visit our riding to meet the voters.

Mainstreeting PC candidate Jim Webster stops for a chat and a handshake in Minden with Lutterworth Clerk-Treasurer Mrs. Bev Millar.

N.D.P

McLaughlin joins fray

The biggest election news in Victoria - Haliburton riding this past week came out of the New Democratic Party camp with the announcement of Fred McLaughlin's nomination as their party's banner carrier in the June 9th provincial election. McLaughlin has made it known that he feels one of the main election issues is Ontario's unemployment situation.

In a strongly worded press release last week, he pointed out that there are more persons unemployed in Ontario now than at any time in the province's history - even more than during the depression of the 1930's. McLaughlin cited figures indicating some 312,000 persons were looking for jobs in a market of 12,000 available positions. The key item in McLaughlin's campaign at the moment is organization and becoming known to the voters.

FRED McLAUGHLIN

McLaughlin holds a teaching position which means he'll have to work overtime to present his platform to the riding electorate.

He hopes to be in the northern part of the riding sometime next weekend following a couple of weeks on the hustings in other parts of this riding.

The steering committee for McLaughlin's campaign is made up of the following people: Campaign Chairman - Art Field, Valentia; Publicity Chairman - Ralph Hart, Lindsay; Committee Room Chairman - Roy Armstrong, Lindsay; Finance Chairman - Maurice Windatt, Fenelon Falls; Sign Chairman - George Hughes, Janetville; Canvas Chairman - Mrs. Jan White, Fenelon Falls.

BY-LAW FROM P. 1

should they feel the objection is justified, will amend the by-law. Should council feel the objections are not justified then the objections will be filed with the restricted area by-law

and forwarded to the Ontario Municipal Board for approval. The O.M.B. will then hold hearings for all objections before they make their final decision.

BULLETIN

All roads leading into Minden will be open this Victoria Day weekend according to Anson, Hindon and Minden Reeve Reg Booth.

Reeve Booth told the Progress that he has received

assurances from all the contractors for the Minden sanitary sewer and water projects that the roads will be opened in time for the large influx of Victoria Day holidayers, this weekend. This will ease the traffic

burden presently experienced in Minden due to the necessary closing of some roads for the sewer and water construction program.

Editorially

Great Job

Last week the annual convention of the Ontario Chamber of Commerce honored our Haliburton Highlands Chamber of Commerce and in particular its Bob Stinson, for its weekly 'The Chamber' column in the Progress and other county papers.

Mr. Stinson first submitted his Chamber column to the Progress for the issue of September 10, 1975, just one week after he became the Chamber's secretary-manager.

It has appeared regularly ever since and has now become a focal point for news of events past and future across the county of Haliburton and, in fact, often beyond.

At the same time it provides the regular reader with an insight into the work our Chamber does on behalf of all of us.

Credit for the success of this column must, of course, go to its author, Bob Stinson, his agile mind, his fluent pen and, above all to his dedication and perseverance.

For Haliburton Highlanders everywhere the presentation of this award marks a proud moment.

Great job, Bob!

Try

This Sunday the Haliburton County Snowmobile Blub holds its annual meeting.

We're mentioning it in this column because, first of all, this club does an outstanding job of promoting winter activities across the county as well as over much of North America and secondly, because to do its job properly it needs the support of all of us.

Certainly, every member who can possibly do so should turn out for next Sunday's meeting and with their attendance and votes show their enthusiasm for the club and what it's trying to accomplish.

That's next Sunday afternoon at the new Donald clubhouse.

Try and make it.

OVERDUE SATURDAY NIGHT BATH

OTTAWA and Small Business

Fire!

by JIM SMITH

To set the stage for disaster, start with a couple of thousand people. Put them in a hall or theatre. Yell "fire". And watch the panic develop.

It almost never fails. In general, more people are killed by crowding the exits than from fire itself. There have been cases of deaths even though no one received so much as a minor burn.

Humans, you see, have an uncanny ability to inflict more damage on themselves by attempting to avoid disaster than they would normally suffer if the disaster simply ran its course.

And that brings us to economics, a subject with close ties to panic and disaster.

More and more Canadians are convinced that the economy is going down the drain. So more and more Canadians, attempting to avert disaster, are panicking, ensuring something unpleasant will take place.

A few months ago, Canada's unemployed exceeded 900,000 for the first time in longer than anyone seems to remember. Figuring that high unemployment signals depression, the country panicked. Retail sales have fallen sharply. Travel is down. Everyone is busy saving rather than spending, hoping to have a nest-egg if their jobs go, too.

In fact, disaster is not inevitable. More unemployment than the government seems willing to admit exists because of generous unemployment insurance and welfare.

There is real unemployment, too; but it is concentrated in certain age groups and regions. However, as the Canadian Federation of Independent Business points

out, unemployment is a temporary problem. Canada has the fastest growing labour force in the Western World right now (which explains the unduly high unemployment among the under-25-year-old Canadians). In only a few years, however, growth of the labour force will come to an abrupt slowdown and there will be serious shortages of labour. Our priorities must be in the development of people with skills to meet the coming demand for their labour.

So, although we do have unemployment problems that are not capable of being

easily solved in the very short run, there is certainly no reason to panic. Workers with a job in a stable industry now have no reason to lose sleep about security.

There's no reason to be concerned, that is, unless we talk Canada into a recession.

Investors in the stock market suffer big losses because they react as a pack, stampeding at the least sign of danger. They "psych" themselves into a bad market. And consumers can psych us all into a recession.

Saving a bit is good; it provides investment capital. Saving too much is bad; it puts Canadians out of work. The rational approach to today's economy is to carry on normal spending habits. If we're not careful, we could find ourselves trapped in the panic, running from the economic fire.

A CANADIAN SMALL BUSINESS ACT

For 109 years, Canada has existed as an independent nation. However, political and economic independence are not necessarily the same. So, for 109 years, Canada has hovered as an economic satellite of foreign powers. Currently, we depend on the United States.

Economic dependency has been very comfortable for Canadians. The nation has existed as a very affluent colony, selling off natural resources and encouraging branch plant settlements; this has paid for our imported manufactured goods.

In recent years, however, this arrangement has begun to prove increasingly unsatisfactory, basically because we are running out of resources to support our international spending. Moreover, the rapid increases in the Canadian labour force require far more jobs than the export-import-oriented economy can provide.

THE NEED

Obviously, something must be done to change our economic structure. Otherwise, there will be more and more unemployment and larger and larger balance-of-payments deficits in the future. The critical question is: how can this be brought about without discriminating against the United States (which, after all, has been responsible for most of our high standard of living in the past).

Attempting to alter the situation by imposing sanctions on American imports or foreign-owned branch plants will be unsuccessful. So will subsidies to firms which hope to enter the American market. The United States can always counter these heavy-handed discriminatory actions with much stronger actions of its own.

SMALL FIRMS POLICY

However, it is possible to tackle the

problem in a manner which will not antagonize the American government: institute a national policy encouraging the growth of small firms.

In the United States, a national small business program has existed for almost three decades. Because of the Small Business Act, one-third of federal spending for goods and services goes to small business. Since the United States has a program to benefit small business, it can hardly object to a similar Canadian program.

Imagine what a larger small business sector would mean to Canada: more jobs, less need to import, retention of profits in Canada, and accumulation of valuable technological know-how.

There's really no question. Canada must pass legislation committing the federal government to building domestic enterprises using the same wording and definitions as the U.S. Small Business Act.

It seems to us that it's time Canada adopted something from the U.S. that makes sense — for a change. So the Federation has drawn up a Canadianized version of the U.S. Act and reprinted it here.

WHAT IT MEANS

Of course, this proposed legislation deals only with the *intention* of the government to commit itself on a course of action. Additional sections will be required to deal with the methods of implementation of the necessary programs.

The point, however, is simple. We need a Small Business Act now if the government is going to fulfill the pledge it made in its own document, "The Way Ahead", to pursue "the elaboration of a consistent and comprehensive small firm development strategy that will preserve and enlarge the role of small businesses in our economy."

Banks will have key role in our energy needs

Chartered bank support of Canada's energy industries increased substantially again in 1976, the Canadian Bankers' Association (CBA) says.

Loans to the petroleum sector totalled more than \$1.78 billion at the end of the year, up 34 per cent from 1975. By comparison, total business lending rose only 22 per cent.

During the past decade chartered bank oil and gas loans have increased more than 800 per cent or more than twice the increase in total business lending. Business loans by the banks to all types of businesses now exceed \$28 billion outstanding.

Large as these figures

Rowland C. Frazee

appear, they are miniscule in comparison to anticipated financing needs for the next 10 years, particularly for energy projects.

Rowland C. Frazee, CBA president, and executive vice-president and chief general manager, The Royal Bank of Canada, says the estimated \$800 billion in capital financing which Canada needs between now and 1985 cannot all be raised within Canada.

"The size and stature of Canadian banks means that we can play a lead role in the international funding of large Canadian capital projects," he told a meeting of Montreal financial analysts recently.

"Such foreign financing will be more than a benefit to all Canadians — it is a necessity if we are to develop all the energy and resources projects which lie ahead."

LETTERS

189 Bayview Hts. Dr.
Toronto M4G 2Z3, Ont.
May 3, 1977.

Dear Minden Progress

I am a grade nine student of Leaside High School in Toronto. I have been assigned to research a project for history on a specific town. I have chosen Minden because I have a cottage in that area and would be interested in learning more about its history and about it generally today.

I would be very happy if you could send me any information on Minden's past history including, historic sites, origin and meaning of street names, photographs (or copies thereof) any old letters, original or copies documents, newspapers, legends and/or any information generally on Minden.

If you could also give me a list of other resources I could look to for help in my research I would be very happy. I must have the project finished by the beginning of June and would like very much if you could send me any information before then.

I have had problems finding information about Minden in Toronto and would appreciate very much if you

could send any information at all and if you would like it returned I could do that.
Thank you very much for your co-operation.

Sincerely,
Lorraine Perry.

(Thank you for your letter, Lorraine. A copy of the 1959 booklet Minden Centennial is on its way to you. Ed.)

Fish story

This past weekend was a very good one for Bill and Brian Hogg as far as fishing was concerned. On Saturday afternoon, Bill decided to do a little fishing up at the base of the power dam on the Gull River. Well folks, it proved to be a wise move. Bill, using a dew worm on 8 lb.

test, hauled in a beautiful 3½ lb. Rainbow Trout. Since his brother did so well, Brian decided to try his luck on Sunday. With 6 lb. test line and using a Mepp's Black Fury, Brian landed a fine 1¼ lb. Speckled Trout. Both boys have decided to enter their catches in the

Molson's 'Big Fish' contest, each having a fine chance of gathering in some of that prize money, Molson's is giving away this year.

Hotel Staff honors former owner

Former Rockcliffe Hotel owners, Bill and Jane O'Brien, were the surprised recipients of an informal farewell party held last Sunday at Gelert Gardens.

Some 50 persons were on hand to wish Bill and Jane well in their new business venture in Toronto. Just last week, Bill handed over the Rockcliffe's reins to new owners, Dave and Sandy Willis.

Organized by the Rockcliffe staff, primarily Cliff and Doreen Duffy, former staff and friends of the O'Briens gathered to honour their former bosses and present them with individual trophies commemorating their seven years in Minden.

Many thanks must be extended to Les and June Steadman, Gelert Gardens proprietors, for the use of their dining room for the get-together as well as a tip of the hat to Slim Brandon, Bill Hutchison, Norm Graham, Rick English and Dave

Englehart for the entertainment they provided. A formal farewell bash will be held sometime in early

July at the Minden Community Center in honour of the O'Briens, so watch for the date.

Talk about luck!

A liquor seizure made in 1972 has indirectly resulted in a Donal man being charged with a break - in at a Kashagawigamog Lake cottage this past May 15th. In June 1972, Provincial Constable Mike Maher stop-

ped a vehicle on the western limits of Haliburton Village and seized a bottle of wine from the driver. Subsequent investigation at the time revealed that the wine had been stolen from the Kashagawigamog Lake cottage of Bert Edwards of Toronto. Consequently Robert Fowler, 26, of Donald was charged by police

with break, enter and theft. Almost five years later, on the first of May, 1977, a vehicle was stopped for a traffic violation on the western outskirts of Haliburton Village. Further investigation revealed the presence of three bottles of liquor and one bottle of beer in the car. As a result of the investigation, Leonard Harold Stamp, 26, of Oshawa was charged with speeding and having liquor other than residence.

Just two weeks later, on Sunday, May 15, a cottage break-in on Kashagawigamog Lake was reported to police by a neighbouring cottager.

Once again the investigating officer was Provincial Constable Mike Maher. And, once again, the break-in occurred at the cottage of Bert Edwards on Kashagawigamog Lake.

A subsequent investigation revealed that a quantity of liquor had been stolen from the cottage. Piecing the two

latest incidents together and recalling the 1972 occurrence, Constable Maher noticed a strange similarity in both cases. Investigating further he found that the liquor seized in the May 1st incident had been stolen from Edwards cottage. Consequently, Robert Fowler, 26, of Donald has once again been charged with break, enter and theft, possession of stolen goods under \$200 and breach of

probation.

Police also noted that in both the May, 1977 and June 1972 incidents the stolen property was recovered before the culprits were five miles away from the scene.

Talk about luck!

Hall's Lake News

Doreen Stinson

Last Sunday was quite an experience weather-wise around this area and in other points ever farther South. Large snow and hail rain and winds made it a rather miserable day. Driving down through lovely farming country the fields were nicely ploughed but it was like driving through the Prairies in a sand storm — the soil so dry and the winds so high that in some places it was difficult to see. This Sunday was so different, sunny and clear and quite warm during the day. We need rain that is for sure.

It was nice to have Mrs. Quigley, her daughter and friend in for dinner on Friday evening. Many folks around the Lake will remember Mr. Quigley who was an ardent fisherman and hunter in this area and they have had a cottage for some years. Mrs. Quigley has put her cottage up for sale as it is difficult for her to take care of now, since her husband passed away.

Good to see Mr. and Mrs. Allan Bridgeman of Burlington up to open up their nice place on the sandy shore at the other side of the lake.

Mr. and Mrs. N. Rutledge of Pine Springs dropped in Friday evening and had a chat. They used to have the Snack Bar up there and then purchased Sythorpe's place next door.

Some Senior Citizens may not know it yet, but the new big K-Mart in Lindsay encourages wheel-chair users to come to shop and they have a Ladies' Room with a wide door into it and the facilities are set up with the extra bars for helping oneself without falling. We thought it was a thoughtful gesture on their part when planning the conveniences.

Mrs. Ellen Stevens, who tells me she is 88 years young, is back at her own place on the Buckslides Road for the Summer. She has spent the winter in Minden in one of the small cottages by the River. She is pretty spry for her years and still likes to be quite independent.

Mrs. Verna Jarvis spent the week-end with her sister, Mrs. Brown at Hall's Lake.

Mrs. 'Scotty' Broderick has been up from Windsor and now has her cottage on the hill for sale.

Jamie Chamber's truck which went through the ice some time ago near Camp Comac is now being brought up.

Mr. and Mrs. Henry Gibson's new home on the Big Hawk Road is being worked on with a company from Haliburton pouring the cement this week.

Nice to talk with the new owner of Ox Narrows Lodge—Mrs. Ewstratin. She is running the little store and has a Snack Bar.

That genial Manager of the Chamber of Commerce dropped by the other day for a snack and a chat and to deliver some of the attractive brochures about Haliburton. Bob Stinson was just back from the Convention in Toronto and we were pleased to learn that the Chamber of Commerce for Haliburton won an award presumably for the best newspaper articles each week in the local papers, which do more to keep people informed as to accomplishments, new members, desires and asking for suggestions to better the Chamber as a whole. Congratulations to Bob who has been responsible for this weekly column!

With the 24th of May Weekend fast coming up we hope it will give us all that shot in the arm so badly needed after a long and rather sparse winter, to say nothing of last Summer's slump. Everyone in business is certainly praying for a better Spring and Summer to help pull them up to a liveable intake.

Walk-A-Day...in my shoes

On Wednesday, April 6th, a workshop was held in conjunction with Extencare and Case Manor of Bobcaygeon, at Hyland Crest, called a 'Walk-A-Day' in my shoes.

This workshop was an effort to make the staff's of these three Senior Citizen's Homes, more sensitive toward the difficulties & problems experienced by the Senior Citizens of our Community.

Many of the staff found out how difficult it is to tie a shoe with just one hand after a stroke, or to eat peas with one hand; how difficult it is to walk when one doesn't see well; and how difficult it is to communicate when you don't hear.

All the staff that participated in the workshop found it very enlightening. Another similar workshop is slated for either Hyland Crest or the Extencare in Haliburton, early in June.

Above left, Allan Cavell, District Consultant for Regional No. 6 Home for Aged, tries to eat with

one hand, as well as having impaired vision. Upper right, Jayne Rosenberg and Pat Burk of Extencare in Haliburton, also try eating while paralyzed on one side and suffer from impaired vision. Lower right, Judy Belford of Extencare feeds a totally handicapped, Joyce Shaw, also of Extencare.

NOTICE

REGARDING
CROWN TIMBER SALES
MINDEN DISTRICT

Effective immediately all District Cutting Licences will be offered as Tendered Timber Sales with the exception of fuelwood, or Timber for personal use where stumpage charges do not exceed \$400.00.

Safety Tips For Push Mowers

Mowing the lawn with efficiency and safety is in your power—if you use your power mower right. Here are some basic safety tips on using a push mower from experts at the Outdoor Power Equipment Institute.

DON'T BE ALL WET—Make sure grass is dry when you mow it.

1. It's essential to read the owner's manual carefully before using the mower.
 2. Keep children and pets away from the mower area.
 3. Wear sturdy shoes and close-fitting slacks. Never operate the mower in bare feet or sandals.
 4. Never adjust or leave the machine without stopping the mower and disconnecting the spark plug.
 5. Don't mow wet grass. It can cause you to slip and lose control and blades and discharge chute to clog.
 6. Steer the push mower across slopes, never up and down. Always watch your footing, especially on slopes.
 7. Follow proper mowing patterns to avoid cutting the cord with an electric mower.
 8. Make sure to keep the mower flat on the ground to protect legs and feet. Never lift, tilt or pull it toward you.
- Follow these tips and you'll be mowing yourself to safety.

REPAIRS TO ALL
MAKES

FOR OUT OF THIS WORLD RESULTS

About the Town

with Jeanne Sears

We hear experts saying that violence comes to children from Nursery Rhymes. In our young days we enjoyed these, but our violence and tantrums were stopped by the heel of a slipper or something else. Perhaps the old saying 'spare the rod and spoil the child' wasn't too wrong.

Sincere sympathy goes to the families and friends of the late Mrs. Alfred Cramp, Mrs. Walter Rosenberg and Cephas Payne who died since last week.

The Scouting Mothers Auxiliary had a very successful Bake Sale—Bazaar on the Bank lawn Saturday.

All her friends send wishes for a speedy recovery to Opal Crowe who was in Ross Memorial Hospital last week.

The Women's Institute Annual Spring Bus Trip is planned for June 1st to Kingston. If you wish a ticket contact Annie Kernohan, 286-1648 evenings, but you must have your name and far in to her by May 30th. A noon meal will be catered so all may enjoy this together.

Scott Gartshore, on his birthday last Sunday, won first prize in a Talent Contest in Lindsay. He will be going on a trip to Wheeling, West Virginia as a result of this win. Congratulations.

In Barrie, May 12, 13, 14 & 15, once again the Minden Rotary Club has won the District 701 World Conference Attendance Trophy. This year it was won in New Orleans. Coming up cities for this Conference are San Francisco for 1977 and Tokyo for 1978.

My sister often used to say,
She didn't want a cottage, it wasn't her way.
She wouldn't want to move around stuff,
No sir, for her one house was enough.
And then, one day the plan was changed
And everything was re-arranged
Her hubby built a cottage new,
Where they could go up and skidoo.
And on nice days he likes to fish
Then they enjoy a tasty dish.
They're up among old friends once more,
Not far from where they lived before,
Their family likes to gather around
And in their cottage much pleasure is found.

Florence Robinson.

Mrs. W. Casey, Mrs. I. McKelvey and Mrs. A. Milburn attended the Funeral in Omemee, May 5th, of George Casey, the Warner Casey's nephew.

Another 'First' for the village, the new president of the Agricultural Society is Loretta Nesbitt. Also the book prize list will be out very soon.

Mr. and Mrs. Ron Burk enjoyed a week's holiday with relatives at Oshawa and Ajax.

A new shop has opened on Main Street, Norphot, which will provide Studio Service on Passports, Photos, Weddings on location, and Home Portraits. They were working on a colour Lab which processes all C 41 negatives for pictures and you can get most camera supplies there. They are open most days from 9:30 - 6 and location is beside Fred's Barber Shop.

Congratulations are extended to Bradley Robinson who obtained his Honour B.A. Degree at Western University. Bradley will be spending the summer with Dept. of Natural Resources at Minden.

Gerald Coulter of Toronto enjoyed a weekend visiting his parents, Mr. and Mrs. Angus Coulter.

The enumerators have been around to complete the list of eligible voters and we saw a copy of this at the Post Office. If they missed you, you have until May 28th to be listed.

Of cakes and friends we should choose with care,
Not always the fanciest cke that's there
Is the best to eat! And the plainest friend
Is sometimes the finest in the end.
Margaret Sangster.

At this time when you take out linens to launder, iron and fold in different lines. Those creases may cause holes or worn spots if folded the same way every time.

Don't forget the Flea Market this Saturday for the Minden Figure Skating Club—and get a ticket on their afghan.

Many forest fires in our province are burning seriously, do be careful if you are burning grass or brush, perhaps it might be better to send this debris to the dump. Everything is really dry though the grass and weeds still grow. Holiday weekend coming up so drive carefully. Cheerio until next time.

Along The Trails

with
**The Highland Snowmobler
and Roy Bates**

Congratulations!

Elsewhere in this paper you will read about the recent Chamber of Commerce convention. We are very pleased to add our congratulations to Bob Stinson for capturing the President's Award this year for his weekly column. It was well earned!

We might comment, however, on the lack of local support for such events as that convention. We understand that Bob was the one and only representative there from this very large sector of the Province. It is unfortunate that the very people he works so diligently to help cannot find the time to take part in such policy-making meetings. Seems there's always plenty of time for criticism.

I am reminded of another convention that took place in early April, when the largest club in the Ontario Federation of Snowmobile Clubs was without official representation. Yes, I refer to the Haliburton County Snowmobile Association. One would have thought, from the amount of OFSC criticism emanating from this club last year, that its voting delegates would have been front row centre.

The same lethargic, 'Let George do it,' attitude prevails right down the line. A few directors in the HCSA work their hearts out for the snowmobilers of the county only to receive more brickbats than bouquets.

The time for appreciation is now at hand. And the most welcome compliment the HCSA could have would be your presence at their general meeting next Sunday afternoon.

Liverpool returns this weekend

The Victoria Day weekend marks the return of ever-popular live entertainment and dancing to the Minden Arena.

The dances, produced by Bitter Green Productions of Toronto, are fast becoming a fixture in our local social scene.

Headlining this weekend's dance is the most popular Beatles-style band, Liverpool. This group has played in Minden many times before, drawing packed houses and many plaudits from music buffs.

Liverpool is a competent, efficient band that does a remarkable job of impersonating the Beatles music. They can be heard live at the Minden Arena this Sunday night, May 22, with the music starting at 9 p.m.

Youth wins trip Local hotel open this Sunday

Scott Gartshore, 18, of Minden, got the 'Best birthday present of my life' when he won the Wagon-wheel Jamboree, Talent Contest on Sunday in Lindsay. The contest had been running for the past three weeks, and Sunday it all came down to the final six singers, to pick who was going to win the trip to Wheeling, West Virginia this coming weekend. The all-expense paid trip for two, features another Jamboree on Saturday and finally a date at WWVA to cut a record. Scott wrote and sang four of his own songs in Lindsay, and this figured high in the marks he received as winner of the Talent Contest. Other marks were awarded for his singing as well as his dress. Congratulations Scott, and have a great weekend in Wheeling. They say you have to start somewhere before you make it to Nashville, who knows, you may be on your way.

Minden area residents will have another Sunday-opening dining lounge available for their use, when the Rockcliffe Hotel opens its doors this Sunday. The Rockcliffe will now be open every Sunday from noon until 10 p.m., serving pizzas, subs, chicken and burgers. This is just one of the many new services Rockcliffe owner Dave Willis hopes to provide in the near future.

CATHOLIC CHURCH MINDEN

"24th May Weekend"

HOLY MASS Saturday (May 21) 5.00 pm
Sunday.....12.15 pm

PLEASE...

Hi there folks. My name is Goldie. I'm a 5 months-old part Collie and German Sheppard female - and I'm just crazy about children. I guess you could say I'm sort of a young one, anyway. Well I'm getting a little depressed. You see I've been here for almost two months and no one wants to take me home with them. I just don't know why! I really have a gentle disposition and I like being outside. I just know I'd make an excellent watchdog. I'd got a bad tip that all male adults were dirty, mean and nasty but now that I've been out in the world I'm getting over my earlier shyness. And, gee, being a kid myself I could really get into living with some children. Why don't you come over to Mae's Bookstore in Minden and see me for yourself - I'd sure like to see you.

Pot luck supper

On. Wed., May 11, at six, nearly 50 of the Mini Card Party Gang had their Pot Luck Supper at St. Paul's Parish Hall. The meal had been planned and the tables were tastefully decorated with spring flowers. Father Brown said Grace after all were seated.

After the delicious meal was over, Lilian Davidson reported that there had been 1021 people attending the 31 afternoons. She presented a cheque for \$460 to the Anglican Church and also gifts for perfect attendance to Joyce Hewitt, high for euchre Vera Fuller, high for cribbage to Dora Dawson. Gifts were also presented to the organizers, Nellie and Harry MacMinn, Lilian Davidson and Jeanne Sears. The latter said a few words explaining how these games were organized and had the name 'Mini' Card Parties. She invited everyone to stay for a social game of their favourite cards. The 'clean-Up' squad went to work and all had their games.

The date for the next season to start is Sept. 29th at 1:30 with everyone welcome. See you then!

ONTARIO ELECTRICAL LEAGUE
VICTORIA - HALIBURTON CHAPTER
DO YOU KEEP WHITE ELEPHANTS?

Do you change or clean the air filter in your hot air furnace regularly? Dust clogged filters cut down air circulation requiring the furnace to run longer to bring the house to the desired temperature...

clogged filters cut down air circulation requiring the furnace to run longer to bring the house to the desired temperature.

Have you examined outdoor extension cords for fraying and breaking of insulation? Not only are frayed cords dangerous, but contact with snow or wet grass could result in power leaking away to the ground.

Do you have an automatic washer or dryer? If so, try putting the clothes through a second spin dry in the washer. Doing this cuts the time in the dryer substantially.

Cutting back the thermostat on your heating system at night to 68 degrees from 70 degrees not only is agreeably noticeable on your fuel bills; the cost of cold remedies will probably decrease

Do you play games with the thermostat by moving it up to 80 degrees one minute because you're cold and down to 70 degrees the next minute because you're hot? If you do, it is a relatively expensive game in terms of fuel dollars. To get the most for your money, set the thermostat at the day time temperature you are comfortable with and only cut it back when you retire for the night.

VanLieshout wins 800M, 1500M & 3000M

Haliburton Highlands Senior Secondary wins 5th straight track title

On Thursday last, the Kawartha West Track and Field Championships were held in Fenelon Falls and Haliburton Highlands Senior Secondary won their fifth straight title with 836½ points. Second was Fenelon Falls S.S. with 665½, third Lindsay C.V.I. with 615 ½, fourth I.E. Weldon S.S. 382½ and fifth Brock District H.S. III.

The top individual performance for Haliburton at these championships was Mary Van Lieshout with three victories in the girls' competition. Mary started the day winning the 800 metres in 3.03.5, then the 1500 metres in 6.25.0 and finally the gruelling 3000 metres in 14.06.0. Other midgets who captured first place finishes were Kelly Martin in the girl's Discus with a toss of 68' 10" and Nancy Wood tossed the Javelin 67'9".

In boys action, Butch Manery took the 800 metres in 2.27.7, Mike Iles sprinted to an 18.1 clocking in the sprint hurdles, Dave Harrison outclassed the field in the distance hurdles in a time of 48.0 and Dan Allison hurled the discus 107'6".

In Junior competition, Darlene Danilko captured the distance hurdles in 57.0,

while her sister Donelda, leaped 5'0" in the high jump. Carol Lee heaved the discus 83'6".

Bart Barnes was the top Junior competitor winning both the Shot Put 38' 10½" and the Discus 124'5". Craig Kennedy won the triple jump with a leap of 39'4" and Mike Scheffee jumped 17'10" in the long jump. Angela Sisson was the only

senior girl to bring home a red ribbon. Angela tossed the discus 90'1".

The senior boys had a fine afternoon. Brian Mulholland won the gruelling 3000 metres in the fine time of 11.14.3, Larry Stinson took the sprint hurdles in 17.5, Joe Roberts captured the long jump red, with a leap of 18'0", Tim Oram put the Shot put 39'11", Doug

MacNab heaved the discus 126'2", Tom Roberts pitched the javelin 146'10" and Joe Roberts, Tim Oram, Doug MacNab and Larry the 400M relay.

Now the winners and second place finishers will travel to Trent University in Peterborough for the Kawartha East Meet on Wed. May 18th.

by
CLIFF
BURKE

Three more
bowlers off
to the
C.N.E.

On Sunday, May 8th, fifteen bowlers from Bancroft, Carnarvon and Fenelon travelled to Bancroft Lanes to vie for three more spots at the C.N.E. this summer.

When the five game set was finished, Ronnie Robinson Jr. of Carnarvon and Herb Beach of Bancroft plus Kay Osler of Fenelon made the finals.

These three now join the previous winners, Bill Phillips, Cec Burke, Stan Dunford and Wes Stata plus ladies' Debbie Harding and Ev Stata will now go to the C.N.E. this summer and try to win some big prize money. Good luck bowlers.

Recreational Kayaking booming

In 15 years of Kayak Racing and that is what the Kayak was built for, there has been a steady decline over the past couple of years in Race attendance but an enormous upsurge in recreational kayaking, says former National and Olympic Kayak racer, Herman Kerckhoff. Mr. Kerckhoff was on Canada's National and Olympic teams once and now has a daughter, Claudia, 16, who is both Canadian and North American Champion and a shoo-in to make Canada's National Team this year in British Columbia, where the Championships will be held on June 5th.

Mr. Kerckhoff owns a training school near Barry's Bay called the Madawaska Kayak & Canoe Camp. Here Claudia and also Dieter

Poenn, 19, of Newmarket, North American and Canadian Champion, have been training for the past 3 years.

At this year's Sportsman Show, Kayak sales were up over 200% over last year. Mr. Kerckhoff went on to say that there are many reasons for this. Firstly, the Kayak is very comfortable because you sit instead

of kneel, the kayak is very stable, using a double bladed paddle gives the canoeist a very good sense of balance. Kayaks are much faster on open lakes than canoes as well.

Above, a competitor in the Down River race, the Horse-shoe Rapids last week, heads for the finish line.

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance
Relieves Pain As It
Shrinks Hemorrhoids.

If you want satisfactory relief from 'Itching Piles'—here's good news. A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing.

In one case after another 'very striking improvement' was reported and verified. And most important... this improvement was maintained over a period of months.

All this was accomplished by a healing substance (Bio-Dyne)—which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—satisfaction or money refunded.

SPORTS

National Coaching Development Program

'THEORY'

Last week we took a look at the Background information on how this National Coaching Development Program was initiated. Now we will take a look at what you will be learning at the Level I Course slated for Carnarvon Lanes on Sunday, May 29th, Sunday, June 5th, Sunday, June 12th and Sunday, June 26th. The Course runs 16 hours, four on each Sunday, beginning at 7 p.m.

THEORY - In light of the existing shortage of volunteer coaches, and accepting the fact that many coaches instruct athletes in more than one sport, the program attempts to use the available time of coaches economically. It is felt that an exposure to the general core areas prior to learning specific skills

is appropriate to the optimal learning of coaching techniques in several sports and therefore, will decrease the growing critical concern to find volunteer coaches. As a guideline for the development of the 'Theory' subjects, it is recognized that coaches need to understand the theory in a rather specific and applied manner. Therefore, concepts are developed and illustrated by using applications of the concept as it applies to several sport activities. There are eight main subject areas that compose the Theory element of the program. Though some titles

of these eight areas may initially seem to be too complex for the new coaches, in time these titles become household terms. The eight subject areas are:

1. Role of Coach.
 2. Psychology of Sport.
 3. Motor Learning.
 4. Sport Machine.
 5. Biomechanics.
 6. Growth & Development.
 7. Exercise Physiology.
 8. Training Methods.
- They have been developed by men and women from across the country who are not only experts in their own field but are also well acquainted with the sporting scene in Canada. Next week we'll take a look at the Technical area of this Program.

Get your rear in gear.
Take a walk.

Thomas on the Cup

by Dwight Thomas

The Montreal Canadiens have captured their 20th Stanley Cup in a dramatic overtime victory last Saturday in Boston.

This was the finest game of the series after the first three sleepers and saw the Bruins fight valiantly for their playoff lives, only to have Jacques Lemaire's second goal of the game give the Habs a tight 2-1 victory and four game sweep of the series. The champagne was flowing in the Montreal dressing room as hockey buffs witnessed what could very well be another dynasty for the Flying Frenchmen.

With only three players on the Canadiens' roster over thirty, Montreal could well be a Stanley Cup power in the National Hockey League for some time.

The Conn Smythe Trophy, acknowledging the playoffs best performer, went to Montreal's great right-winger, Guy Lafleur, who scored 26 playoff points, just one shy of the record. The saddest thing in the game was to see a dejected Gerry Cheevers leave the ice immediately after Lemaire's Cup-winning goal - a shot which Cheevers had absolutely no chance to stop. Cheevers turned in a sparkling performance reminiscent of his play in Boston's four game

sweep of Philadelphia. Considering the strength of the Montreal club maybe the N.H.L. will institute some new rules which could bring a semblance of parity to the league. It's possible Montreal could dominate the N.H.L. for some time to come - a fact which could prove detrimental to a hockey league already weak in talent and spectator appeal.

190 Executives bowl in P.S.T. over the weekend in London

At Bowl-a-Way Lanes in London this past weekend, Thomas Adams Distillers sponsored the Presidents, Secretaries and Treasurers Bowling Tournament. This tournament is one of the finest of its kind and the workers in each Association who made it this far, were treated to a tremendous weekend of bowling for beautiful prizes, treated to a great banquet at the Banqueter Hall and then were thoroughly entertained by Canada's top male comedian, Harry Russell and also the Paul Brothers & Shirley.

Henry Pachulac, President of the Hamilton Bowlers Association came up with the finest display of bowling in the tournament, 866, including a 410 first game. Henry was the winning president and took home a beautiful Stereo. Joanne Lemke, also of Hamilton Bowlers Association was the top Secretary with 817, and also a Stereo winner.

The top Treasurer in the tournament was Tom Locke of that surprising Huronia Bowlers Association. This is a first year association and Tom is also a member of the Huronia Men's team that will be viewing for the World Title this week in Niagara Falls. If he bowls in Niagara like he bowled here on with 824, (he really had 860 but went into the tournament with -12 each game) the World Men's Team title has a great chance of com-

ing to Ontario this year. 1000 Lakes entries in the tournament didn't do too well this year, but the valuable experience and the good time had by all will have all six trying to go to the Provincial's next year. Joe Schell of Fenelon was the top bowler of the six, rolling 712 and finishing just out of the prizes. Next was Joan Deyell at 613, Brenda Liscombe 586 and Iain Starrett with 556. All are from Fenelon. Norma MacKay and Eileen Barry of Carnarvon were competing for the first time in an outside tournament and were very nervous but had a good time. Eileen rolled 546 and Norma 550.

I'd like to take this opportunity on behalf of the bowlers to thank Thomas Adams Distillers for sponsoring this very fine tournament and also Mr. Ralph Crump for the fine condition his Lanes were in for the tournament. There were some extremely fine games rolled by both the men and the ladies on Saturday.

PRESIDENTS

1. H. PACHULAC HAMILTON	866
2. B. Cardwell Hamilton	835
3. D. Ashton Port Hope	787

New traffic signs for Minden

Minden motorists will soon notice many new traffic signs around town due to a decision handed down by Anson, Hindon and Minden Council last week.

New signs will be placed throughout Minden in a move designed to keep up the high standard of safety on Minden's streets and roads.

Stop signs will be placed on Parkside Crescent and Prentice Street where these roads intersect with Bobcaygeon Road.

Yield signs will be installed on Donald, George, McLeod and Hunter Streets where they intersect with McKay Drive, on Hunter Street where it intersects with McPherson Street, on St. St. Germaine and Chandos Streets where they intersect with Newcastle Street, on Chandos Street where it intersects with Prince Street and on Newcastle Street where it intersects with the Minden-Gelert Road.

NOTICE Conservation Of Water TOWNSHIPS OF ANSON, HINDON & MINDEN

DUE TO THE HOT DRY WEATHER, EXCESSIVE WATER HAS BEEN USED FOR LAWNS AND GARDENS AND WASHING CARS, THEREBY REDUCING THE WATER PRESSURE.

ALL PERSONS IN THE MUNICIPAL WATER SYSTEM ARE URGED TO PRACTICE RESTRAINT BY CURTAILING THE WATERING OF LAWNS AND GARDENS AND THE WASHING OF CARS, PARTICULARLY BETWEEN 9 A.M. AND 8 P.M. EACH DAY.

IF THESE VOLUNTARY WATER RESTRICTIONS ARE FOLLOWED IT WILL ASSIST IN AVOIDING A POSSIBLE FIRE HAZARD SITUATION DUE TO LOW WATER PRESSURE. THE CO-OPERATION OF ALL CITIZENS IS REQUESTED.

REFRESHMENTS SERVED

Minden Red Cross Water Safety service

Our program is more than 'Red Cross Swimming Lessons'. To be 'Water Safe', means acquiring a safety-conscious attitude. To achieve this, we have designed a learn-to-swim program which has been modified over the years into a series of fun experiences for people of all ages.

Our aware levels are:
PRE-BEGINNER, BEGINNER, SURVIVAL, SWIMMER, JUNIOR, INTERMEDIATE AND SENIOR.

Colorful badges are issued as swimmers pass each level. As expected, the first two levels are introductory courses for non-swimmers. We help people discover the effects of buoyancy and body movement in the water. People enter water for the first time with a variety of feelings. Not everyone takes to it 'like a duck'.

The water may feel cold or unfamiliar. Figures, even one's own feet look distorted under water. It is an experience to have the eyes smart from chlorine, hear a gurgle in the ears and to realize as one beginner remarked, 'you need two hands to swim and one to hold your nose.'

Many people are convinced that they'll drown - perhaps someone has pulled them under or thrown them into the water at some time. The water Safety Leaders and

Instructors are trained to observe and handle all these fears. In a very short time, pupils are able to enter water safely and swim short distances as well as float. The process is mainly one of familiarization to a new environment.

The Junior, Intermediate and Senior levels are designed to improve personal watermanship and to help people learn to help others in trouble. Knowing the proper strokes and kicks is basic to these advanced courses which concentrate more on style, rhythm, and breathing.

It is also vital to know how to help your drowning pal without his pulling you under water as well.

Last year 70 children between the ages of 1 to 12 years of age drowned in Ontario.

Last year 225 adults drowned in Ontario. Do not gamble with your life and the lives of your children.

Learn Red Cross Water Safety rules. For information contact your local Red Cross branch.....

Friday the 13th unlucky for Tory Hill motorist

Damages totaling some \$2700 resulted from three separate single-vehicle accidents last week.

Friday, May 13, proved unlucky for 35 year-old Tory Hill resident Colin A. Dick, when his 1971 pick-up truck sustained some \$700 damage after it left the Horseshoe Lake Road and struck a hydro pole.

Dick was westbound on the Horseshoe Lake Road, early last Friday afternoon, when he rounded a bend in the road and ended up in the north ditch, striking the hydro pole.

Investigation by Provincial Constable Weldon Popp. Mary E. Shaw, 47, of R.R. 1 Minden, escaped unharmed last Saturday morning when her northbound car left

Highway 35 as she was rounding a curve and struck a rock cut. Her 1969 car sustained some \$1500 damage.

Investigation by Provincial Constable Bob Pearson. South Bay Road was the

scene of a 5 a.m. Sunday morning accident which resulted in some \$500 damage to the lone vehicle involved.

Daniel A. Turpin, 19, of Scarborough was southbound on the South

Bay Road when his 1968 car left the road, while rounding a corner, and entered the west ditch striking a tree.

Investigation by Provincial Constable Weldon Popp.

CB radio for Glamorgan trucks

Glamorgan township trucks will soon use Citizen Band radio units to keep in touch with each other and home base, pending approval of the Ministry of Transportation and Communications, Glamorgan Council learned last week.

Council decided earlier this month that radio-equipped trucks are essential in a

municipality which may have to send snow plows out in the middle of the night, many miles from their base in sparsely populated areas of the municipality.

M.T.C. are now subsidizing radio equipment and have a final say in the purchases

of such equipment. The C.B. sets will be installed in the township's two trucks and one grader with a portable base unit to be controlled by Glamorgan's Road Superintendent, James Hanley.

Hints for HOMEMAKERS

TESTED TIPS TO HELP YOU

Oven-To-Table Casserole Idea

SEAFOOD NEWBURG casserole can look as good as it tastes.

Whether you're an experienced homemaker or new to the kitchen, it's important to know that setting a mood means setting an attractive table.

One way to accomplish this is to coordinate your efforts—with the help of a coordinated set of dinnerware, complete with matching oven-to-table pieces. You can save time and effort by bringing a feast to the table that's also a feast for the eyes. With dinnerware sets made in high-fashion patterns, like those in the new Expressions line of Corelle dinnerware by Corning Glass Works, you have attractive patterns to choose from. The new line uses the same materials technology as the original Corelle livingware line. It has the same "feel" and light weight, but adds higher style through a series of bright, multi-color decorations.

Of course, what comes in the casserole also counts—and here's a delicious Seafood Newburg recipe that ought to please the taste buds of guests and family alike.

SEAFOOD NEWBURG

- 1/4 cup butter or margarine
- 1/2 pound mushrooms, trimmed and sliced
- 1 cup chopped scallions
- 1/3 cup flour
- 1 cup dry white wine
- 1 cup (1/2 pint) light cream
- 1/2 teaspoon curry powder
- 1/3 cup grated parmesan cheese
- 1 pound shrimp, cooked, shelled and deveined
- 1 pound flounder, fillets, cut into one-inch strips
- 1/2 pound scallops
- Salt and pepper
- 1/2 cup cornflake crumbs
- 2 tablespoons melted butter or margarine

In a saucepan, melt butter and saute mushrooms until wilted. Add scallions and saute for a few minutes. Stir in flour. Gradually stir in white wine and cream. Add curry powder and cheese. Stir over low heat until sauce bubbles and thickens. Add shrimp, flounder and scallops. Season to taste with salt and pepper. Pour mixture into a 2 1/2-quart Corning Ware glass-ceramic casserole. Mix crumbs and melted butter. Sprinkle mixture evenly over casserole. Bake in a preheated moderate oven (350°F) for 40 to 60 minutes or until top is golden brown. Serves six to eight. Take it to the table in same casserole dish—as a special treat for eyes and appetites.

CARD OF THANKS

We wish to thank friends, neighbors and relatives, Dr. Hartwick of Haliburton and Dr. Franey and Staff of Peterboro Civic Hospital during the loss of our CONRAD. We would also like to thank the John Welch Funeral Home in Minden and a special thanks to Rev. Miller of the United Church in Minden. Roger and Jean Thomas. 742-1c

The family of the late Lillian Cramp sincerely appreciate the many acts of kindness shown to them upon their recent loss of their mother.

A special thank you to the nursing staff at the Red Cross Hospital, the residents and staff of Hyland Crest Senior Citizens Home and the John Welch and Son Funeral Home. Your kindness will always be remembered.

Mr. and Mrs. J. Cramp and Bill Heaton. 742-1c

BIRTH
